## Told to Below Cost No Co-ops

HOPE (AP)—Lewis M. Pate, Bluff chairman, Arkansas Public Service Co., has called for an end to the sale of power to electric companies to co-operatives.

Pate said the Arkansas Power Co. sells power to co-ops at about half the price which have their own plants.

"It is not a semblance of what this," he said yesterday, "is worth to the mills for a kilowatt-hour while the co-operative at Jacksonport under five mills for amount of power."

The sales amounted to a total of public co-operatives power companies.

The eventually will pose a urban customers of private companies, Robinson be-

**VIOLATIONS CHARGED** — THE SENATE ANTI-TRUST SUBCOMMITTEE CHARGED THAT six big drugs companies violated the anti-trust laws through restrictive agreements to gain "complete control" over sale of wonder drugs. Irene Till, left, a patent expert on the staff of the subcommittee, said the effect of the agreements was to deny smaller companies access to bulk supplies of the drugs. Irving H. Jurow, general counsel, and Francis C. Brown, president of the Schering Corp., left to right in photo, one of the companies charged, denied there was anything wrong in entering into agreements involving royalty payments, contingent upon a future patent, covering the two drugs involved, prednisone and prednisolone. — NEA Telephoto

## Cotton Quota Voting Sites Announced

Committees of farmers who will be responsible for conducting the cotton marketing quota referendum throughout the county Dec. 15 were announced today by the Hempstead Agricultural Stabilization and Conservation Committee. All committee members are farmers eligible to vote in the referendum.

Any questions about eligibility should be checked in advance with the county office. The community polling places and the referendum committee members serving in the Dec. 15 poll are as follows:

Spring Hill — Collins' Store — T. B. Babo, chairman, W. H. Light and Clyde Hucklebee.

Rocky Mount-Shower Springs — Ottwell's Store — J. F. McDowell, chairman, W. C. Abbott and Lloyd Sanders.

Fulton and Guernsey — Odom's Store — J. W. Seymour, chairman, I. E. Odom and Earl Latshaw.

Patmos — Jones' Store — A. N. Rider, chairman, C. P. Jones and S. S. Wright.

Hope — ASC Office and Hemp. County Farmers Assn. — J. C. Russell, chairman, L. J. Hampton and Neil Osborn.

Cross Roads and McNab — Gilbert's Store — Frank Gilbert, chairman, Wade Gilbert and W. C. Thompson.

Washington and Columbus — Washington Hardware and Middlebrook's Store — Audria Stroud, chairman, B. C. Webb and George Haynes.

Blevins and Sweet Home — Lee's Store and Foster's Store — Hix Lee, chairman, Carl A. Brown, and Roy J. Foster.

Ozan — Jones' Store — Monroe Stuart, chairman, W. T. Hill and Annie L. Christian.

De Ann and Bairds Chapel — Samuel's Store and Burke's Store — Monroe Samuel, chairman, A. R. Avery and Walker Chambless.

McCaskill — Rhode's Store — Luther Spicer, chairman, Horace Montgomery and J. T. Rogers.

Bingen — Wolff's Store — Earl N. Martindale, chairman, Rufus Wolff and James Leslie.

## Denies Feeding Ducks Liquor Soaked Corn

MINNEAPOLIS (AP)—A Minneapolis youth denied yesterday that he had fed whiskey-soaked corn to wild ducks to make them easy prey for his hunting dog.

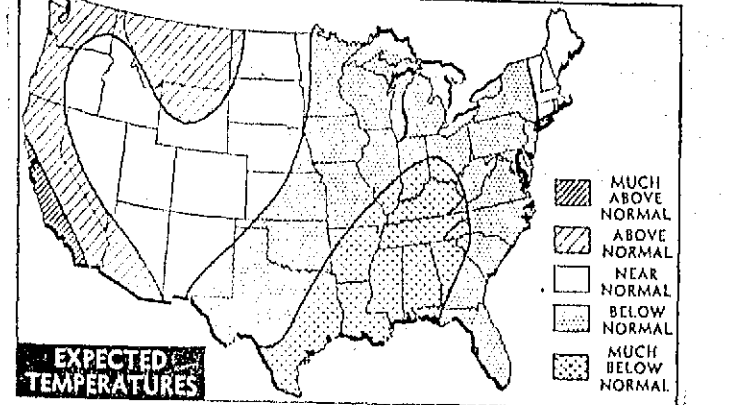

"If anyone soaked corn in whiskey, it was someone else and not me," he said.

Philip Ralph Turnbull, 20, told Justice of the Peace Harold Catapane in suburban Robbinsdale, Minn., that he had never soaked corn in liquor.

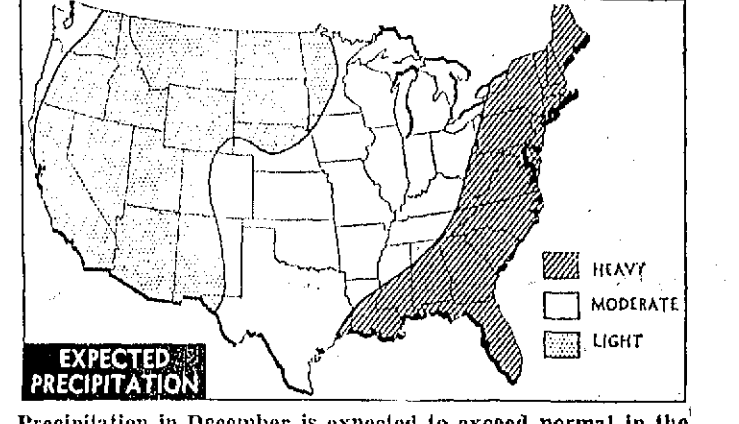

Young Turnbull, however, pleaded guilty to the two charges of feeding game warden to a wild duck in closed season and having more than six ducks at one time. The birdkeepers at Catapane was fined \$100 on each charge.

Game warden Ernest Bossi, Minneapolis, said Turnbull had admitted to Minneapolis police that he had soaked the corn in whiskey, then sent his dog to retrieve the ducks from the lake. He said he had never soaked corn in liquor.

Turnbull, however, pleaded guilty to the two charges of feeding game warden to a wild duck in closed season and having more than six ducks at one time. The birdkeepers at Catapane was fined \$100 on each charge.

**EXPECTED TEMPERATURES**  
Weather Bureau's outlook for December finds temperatures below normal over eastern half of nation, near normal in west.

**EXPECTED PRECIPITATION**  
Precipitation in December is expected to exceed normal in the east. From Virginia northward, conditions favor snowstorms.

## Bulletin

HAVANA (AP)—Frank Austin Young, American fugitive from the army barracks at Pinar del Rio was arrested today at a Havana hotel.

Hotel officials said Young, whose home is in Miami, was arrested by an army intelligence unit. They said he had registered there Wednesday morning under the name of Jack Morton.

## Police Seek 4 for Rape of a Woman

MEMPHIS (AP)—Police searched today for four men accused of breaking into C. H. Worthman's home binding him with neckties and raping his wife.

Worthman, 53, said he spent "the longest 90 minutes of my life" after awaking early yesterday morning to find four men in his bedroom and a knife at his throat.

At first police operated on the theory that the four were a detachment from 20 prisoners who broke out of Ivy Bluff Prison near Yanceyville, N.C., Tuesday. This was discounted later.

## Per Capita Gain Report Studied

LITTLE ROCK (AP)—Gov. Orval E. Faubus yesterday studied a federal report showing Arkansas has made gains in per capita income averages.

Then he said he believed the report was more significant than a Census Bureau estimate which said Arkansas is losing population faster than any other state.

Faubus said he believed the per capita income average somewhat would become the basis for statistical computation of a state's growth.

## New Commander for Arkansas Reserves

PT. CHAFFEE, Ark. (AP)—Headquarters of 8th Army Reserve Corps for Arkansas announced the appointment of Col. Wayne Brann as chief of the Arkansas Reserve Command. Brann, a native of Tennessee, will be stationed at Little Rock and will command all Army Reserve Forces in Arkansas.

## Lake Chicot Water Poses a Problem

LITTLE ROCK (AP)—How to get rid of the muddy water in Lake Chicot is causing concern to fishermen, residents of the area, wildlife experts and the U.S. Engineers.

Sen. John L. McClellan called a conference on the matter yesterday afternoon.

No decision was reached, but it was brought out that the Vicksburg Engineer District is making a study of the problem that will be completed in about nine months.

Lake Chicot is Arkansas' largest natural lake and once was one of the state's finest for fishing.

Muddy water from an area from Pine Bluff south have been draining into the lake, causing fishing and other recreational activity to suffer.

An aide to McClellan said the problem could be solved by diverting the water from the drainage ditches around the lake into Macoon Bayou and eventually into the Tennessee River.

There still remain the questions of exact procedure and of cost.

Engineer officials at yesterday's conference included Maj. Gen. W. K. Wilson Jr., deputy chief for construction at Washington, and Maj. Gen. W. M. Carter, division engineer at Vicksburg.

Also attending were representatives of the U.S. Fish and Wildlife Service from Atlanta and Vicksburg, several commissioners and staff members from the Arkansas Game and Fish Commission and civic leaders from Lake Village, El Dorado and Endora.

## Prison Sentences of Two Reduced

LITTLE ROCK (AP)—Gov. Orval E. Faubus has reduced prison sentences for two Arkansas convicts and pardoned another man under suspended sentence for burglary and grand larceny.

The second degree murder sentence of Claude Bryce Thomas was cut from 15 to seven years. He was sentenced in April, 1957, from Columbia County.

The term of James H. Gowen, convicted of forgery and uttering, was cut from six to three years. He was sentenced in December, 1957, under a five-year suspended sentence for burglary and grand larceny, was pardoned. He was sentenced in June, 1957, from Faulkner County.

## 13 Convicts in N. Carolina Break Captured

IVY BLUFF, N.C. (AP)—Thirteen of North Carolina's toughest convicts, who escaped Tuesday and took an arsenal of weapons with them, were behind bars today.

All surrendered without resistance. But seven others were at large and presumed carrying 11 weapons including a sub-machine gun.

Twelve surrendered in Virginia and Ohio after hardly 48 hours of freedom. Another prisoner was retaken near Ivy Bluff the day of the breakout from the maximum security prison here.

The FBI said the captives yielded two rifles and four revolvers of the 17 weapons taken from Ivy Bluff.

## Cottonmen See Need of Five Major Changes

WASHINGTON (AP)—Cotton brokers and an industry spokesman said today five administrative changes are needed if cotton futures markets are to survive through the 1960-61 season.

Their views were presented at a joint hearing of the Senate and House cotton subcommittees.

William J. Lodwick of New Orleans, chairman of the Industry Wide Cotton Group said in prepared testimony that unless something is done, "the exchanges and other segments of the industry are doomed to oblivion and will not be available to the cotton trade when they are again needed."

The situation arises because the government, under a new two-year cotton program, is buying and selling directly the major portion of the cotton crop. It is buying rather than provide price support loans which would not be paid off.

The five changes listed by Lodwick as the minimum essentials for survival were:

1. A simpler and more efficient method for handling and marketing choice cotton through normal trade channels.

2. The selling of Commodity Credit Corp. carrying charges at approximately commercial costs.

3. Removal of CCC carryover stocks from competition with the farmers' current crop, by requiring the CCC to charge higher prices.

4. An easier way for the purchasers of CCC stocks to have their cotton reclassified.

5. Facilitating the export of American cotton by stabilizing the price of payment in kind certificates.

William K. Love Jr., president of the New York Cotton Exchange, said in prepared testimony the five changes are needed because the new cotton law has caught the New York and New Orleans Cotton Exchanges "in an unfortunate rind from which we must be extricated or we will drown."

## Child Skips School, Parents Arrested

DOYLESTOWN, Pa. (AP)—A Levittown man and his wife were jailed because their 17-year-old daughter was so frequent absent from school.

Mr. and Mrs. Ernest LaPorte said their daughter's absences had swollen frequently because of truancy. They said she is to have her tonsils out later this month.

The Falls Township School District said Shirley, 15, was absent from her eighth-grade class 25 times and did not produce a doctor's certificate, as requested by the school.

The school brought the case to a justice of the peace and LaPorte the couple Tuesday—the father for 10 days, the mother for 15—after offering both the alternative of fines. They were convicted of violating the state's compulsory school attendance law.

## Orders Probe of the AIDC Dismissals

LITTLE ROCK (AP)—Gov. Orval E. Faubus has instructed his aides to look into the dismissals of some employees of the Arkansas Industrial Development Commission.

The governor said yesterday the matter is concerned what was reported to him as alleged favoritism on the part of William P. Rock, executive director of the AIDC, for an employee or employees.

Faubus said he had no desire to step into the internal affairs of an agency. But he added that he did not want to risk any damage to the important commission.

"I intend to find out what the facts are as soon as I can," the governor said.

Rock announced earlier this week that two and possibly three AIDC staff members were being released in a reorganization. He said two of these members had resigned. One of the two said later he had not quit.

Then came reports that Rock was preparing the way to give a key post to a technical expert on the staff of the industry hunting commission. Rock denied any personnel moves were involved.

## Firm Offered Drug Cheaper to Government

WASHINGTON (AP)—Senate investigators said today that a Co. Inc. has offered to sell anti-anxiety tablets to the government for about a third of the price it charges druggists.

"That doesn't seem right to me," said Sen. Estes Kefauver (D-Tenn.), chairman of the Senate Antitrust and Monopoly subcommittee. "I just can't understand it."

"Why can't you give the public a little break like you do the government?" he asked John T. Connor, president of the big Bannockburn, Ill., pharmaceutical firm.

## India Reminded Arms Weakness Invites Trouble

NEW DELHI, India (AP)—President Eisenhower reminded India today that weakness in arms invites aggression, and said a strong United States is ready to come to the aid of its friends.

The United States is committed to a search for genuine disarmament but is maintaining strong forces against aggression.

"They serve not only for ourselves but our friends and allies, who, like us, have perceived this danger. They serve for defensive purposes only," he said.

The members of Parliament applauded frequently. But there was not a sound when the President spoke of the fruits of weakness. With the threats of Red China in mind, it was possible they were shaken by his remarks.

## ESD Contracts for 5 Office Buildings

LITTLE ROCK (AP)—The Arkansas Employment Security Division has let contracts for five state-owned branch buildings.

Total cost of the construction at Blytheville, Jonesboro, Monticello, Paragould and West Memphis will be \$275,960.

Contractors, building costs and site costs are:

Blytheville—E. M. Terry of Blytheville, 46,637 and 14,000; Jonesboro—M. & M. Construction Co. of Jonesboro, 62,730 and 15,000; Monticello—Davis Quinn & Son of Pine Bluff, 44,597 and 3,000; Paragould—Fletcher Bue, Inc., of Paragould, 34,937 and 5,662; West Memphis—Heath & Scarborough Construction Co. of West Memphis, 44,597 and 3,000.

## U. S. Troops to Leave Iceland

WASHINGTON (AP)—The Defense Department announced today that all U. S. Army troops will be withdrawn from Iceland. Some 4,000 U. S. Air Force and Navy men will remain.

The force to be pulled out consists of an Army battalion combat team of about 1,200 men.

The army troops will be redeployed during the first six months of 1960.

"Army units stationed in the United States will continue to maintain their capability for immediate deployment to Iceland in case of emergency," the headquarters said.

## Per Capita Gain Report Studied

LITTLE ROCK (AP)—Gov. Orval E. Faubus yesterday studied a federal report showing Arkansas has made gains in per capita income averages.

Then he said he believed the report was more significant than a Census Bureau estimate which said Arkansas is losing population faster than any other state.

Faubus said he believed the per capita income average somewhat would become the basis for statistical computation of a state's growth.

## New Commander for Arkansas Reserves

PT. CHAFFEE, Ark. (AP)—Headquarters of 8th Army Reserve Corps for Arkansas announced the appointment of Col. Wayne Brann as chief of the Arkansas Reserve Command. Brann, a native of Tennessee, will be stationed at Little Rock and will command all Army Reserve Forces in Arkansas.

Fred D. Gray

Fred D. Gray of Hot Springs has been named chief of the telephone company here. It was announced today by J. R. Koonce, district plant superintendent for Southwestern Bell — Arkansas.

Gray replaces Vance Smiley who has been transferred to Hot Springs, where he will be facilities engineer.

Gray, a native of Donaldson, Arkansas, started his telephone career in 1946 after serving with the Navy during World War II. He has held a variety of technical assignments with the telephone company, all of them in Hot Springs.

He is married to the former Juanita Irby of Benton. The Grays have one child, Karen, two-and-a-half years old.

They plan to move to Hope early next year.

## Child Skips School, Parents Arrested

DOYLESTOWN, Pa. (AP)—A Levittown man and his wife were jailed because their 17-year-old daughter was so frequent absent from school.

Mr. and Mrs. Ernest LaPorte said their daughter's absences had swollen frequently because of truancy. They said she is to have her tonsils out later this month.

The Falls Township School District said Shirley, 15, was absent from her eighth-grade class 25 times and did not produce a doctor's certificate, as requested by the school.

## Union Wants Strike Terms Retroactive

WASHINGTON (AP) — The Steelworkers Union asked the industry today to make strike settlement terms retroactive and to pay before Christmas a cost of living wage increase expected Jan. 1.

An interim agreement to that effect now would contribute to the collective bargaining chances of the final settlement, President David J. McDonald said in a letter to heads of the various companies.

He made the letter public as union and company negotiators were summoned to another joint afternoon meeting with federal mediators.

There was no immediate comment from industry sources.

McDonald asked that whatever settlement terms are agreed to be made retroactive to Nov. 7, when a Taft-Hartley law injunction sent the men back to work after a 116-day strike.

Contending the men have helped the industry return to quick production, he said "we trust the industry does not wish to reap the sole benefit of this period of enforced production."

The contract which expired last June 30 provided for cost of living adjustments as of each July 1 and Jan. 1 and McDonald said that under the court order, terms of that contract remain in effect.

The January adjustment would be based on the November living cost figures due about Dec. 21, McDonald said. A wage increase of several cents an hour may be indicated, he said, but he did not indicate whether it considers that part of the contract still in effect.

The industry meantime turned down a suggestion by Secretary of Labor James F. McNeill that outsiders be invited to recommend a solution in the dispute.

The secretary had proposed Monday that the strike issues be put up to a fact-finding board set up by the Federal Mediation and Conciliation Service for a suggestion of solution, or to binding arbitration of points on which there was no agreement.

The union agreed to either method of outsider recommendations, but opposed arbitration. R. Conrad Cooper, head of the steel negotiators, said third party intervention in past steel disputes always has produced "a highly inflationary result" and the industry is unwilling to have it happen again.

Steel-labor settlements in recent years have been followed by steel price increases.

In 1959, Arkansas had 4,826 buildings owned by the Federal Government, valued at \$215,510,000.

**THEIR WORLD IS DARK** — The sensitive fingers of these twin sisters form a mental image of an airplane propeller in Kansas City, Mo. Capt. Jack Clark and hostess Gayle Goshen guide the girls, Pat and Pam. Both have been blind since birth. Their last name was withheld at parents' request.

Susie May Honored

Mr. and Mrs. Dean May honored their daughter, Susie, with a theatre party at the Nevada Theatre Saturday to celebrate her sixth birthday.

After the show the guests, Gail Willis, Nancy Taylor, Karen Kolba, Bobbie, Kathy and Carol Davidson, Sara Ella Grifford and Rosemary Lee, were taken to the May home for refreshments. The pink, white and green birthday cake inscribed "Susie" and table covered with a pink cloth and centered with a pink Christmas tree. Favors were blow outs and figurines.

WMS Meets With Mrs. J. M. Duke Jr. WMS of First Baptist Church met Friday afternoon in the home of Mrs. J. M. Duke Jr. for the concluding program observing the

Lottie Mae Season of Prayer for Foreign Missions with 13 present. Mrs. Al Plyler had charge of the program on the topic "Our Dedication." Mrs. A. R. Underwood and Mrs. Wilburn Willis gave the responsive reading for the devotionals that was closed with prayer by Mrs. Underwood. Telling of the needs of Baptist Women's Organizations were Mrs. Duke, Mrs. Watson White Jr., Mrs. C. E. Willmore and Mrs. C. H. Tompkins. Each one led in prayer after their part was given. Mrs. Al Plyler president, closed the program with prayer after which she conducted a short business meeting. Reports of chairmen were given.

Mrs. Hudson Entertains Bolivia Club Friday Mrs. A. W. Hudson entertained members of the 1950 Bolivia Club with a luncheon at the Broadway Hotel Friday. Potted plants and arrangements of holly berries were placed at vantage points in the rooms. The five small tables were covered with white cloths and centered with red candles. Following the luncheon Bolivia was played with Mrs. E. M. Sharp winning the high score prize and Mrs. H. J. Wilson the cut prize.

Presbyterian SYF Attend Rally Joan DeVore, Jean Cunningham, Jean Buchanan, Jane Nelson, Al Daniel, Andy Bemis, Kenneth Williams, Carolyn Daniel, Sally Jo Watkins and Karen Ann Rouse of the Senior Youth Fellowship of the First Presbyterian Church attended the Senior High Rally of Ouachita Presbytery held in Hot Springs over the weekend. The local fellowship was first place honors for their scrapbook. The group were accompanied by Rev. and Mrs. J. H. Robertson and Mr. and Mrs. Harold Ingram.

Guests of Mrs. O. G. Hirst Sunday were Mr. and Mrs. Lloyd Spencer and Mrs. John Vesey of Hope.

Mr. and Mrs. J. M. McFarlane of Little Rock were Sunday guests of Mr. and Mrs. C. H. Tompkins.

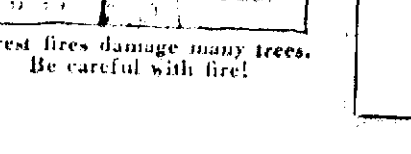

Johnny Hines, Walter Rose, Linda Surman, Margie Huie, Billy Hicks and Linda Denny, students at Ouachita College, were Saturday luncheon guests of Mr. and Mrs. Harrell Hines enroute to Magnolia to attend the Ouachita-Southern State basketball game.

Mrs. Max Kitchens and Mrs. J. M. Garland spent the weekend in Little Rock and in Sheridan where they were the guests of Mr. and Mrs. Doyle McCoy.

Mr. and Mrs. A. R. Underwood visited Mrs. D. W. Bryan in Gordon on Sunday.

Mr. and Mrs. Harold Ingram and Jerry were weekend guests of Mr. and Mrs. W. L. Horton.

## HOPE STAR, HOPE, ARKANSAS

## Worst Storm in Europe Is Blowing Out

By DENNIS NEED

LONDON (AP) — Europe's worst storm in 24 years was blowing itself out today, leaving shattered ships and 109 dead in its wake.

But coastguardsmen, weary after a five-day battle, warned the tempest might still have a deadly sting in its tail.

A little Dutch motor freighter sank in a collision in the Elbe estuary, some seamen remained in trouble and blinding blizzards blanketed parts of Scandinavia.

The toll in lives and shipping was the heaviest since the great storm of February 1956, in which more than 200 died.

The 44-ton Dutch freighter Flamingo went down after a collision with the 3,128-ton German freighter Brunswick. All members of the Dutch crew were rescued.

In all, a half dozen vessels have gone down.

Four others flashed distress calls today.

A flooded engine room forced abandonment of the British trawler Janet Helen in the North Sea. Its crew was taken off by another British fishing vessel.

In the Baltic, the Finnish vessel Borner, 248 tons, reported it was drifting with a 25-degree list. It called urgently for a tug.

The Danish fishing cutter Stornovay, wallowing in North Sea swells with a broken rudder, called for assistance. Then its radio went dead.

In the Baltic, rescue ships put out to aid the crippled Swedish motorship Birgitta. That 850-ton craft, with nine men aboard, had engine and propeller trouble, but reported it was in no immediate danger.

Snowy gales whipped across Sweden for the sixth straight day.

The air-sea hunt for crewmen of the Norwegian freighter Elfrida and the German ship Merkur was abandoned when darkness closed in Wednesday night. All 20 men aboard the Elfrida and the seven who manne the Merkur were assumed lost.

The 1,719-ton Norwegian vessel turned turtle off the south coast of Norway Wednesday. The Merkur, 995 tons, was found wallowing and abandoned in the same general area by the British trawler.

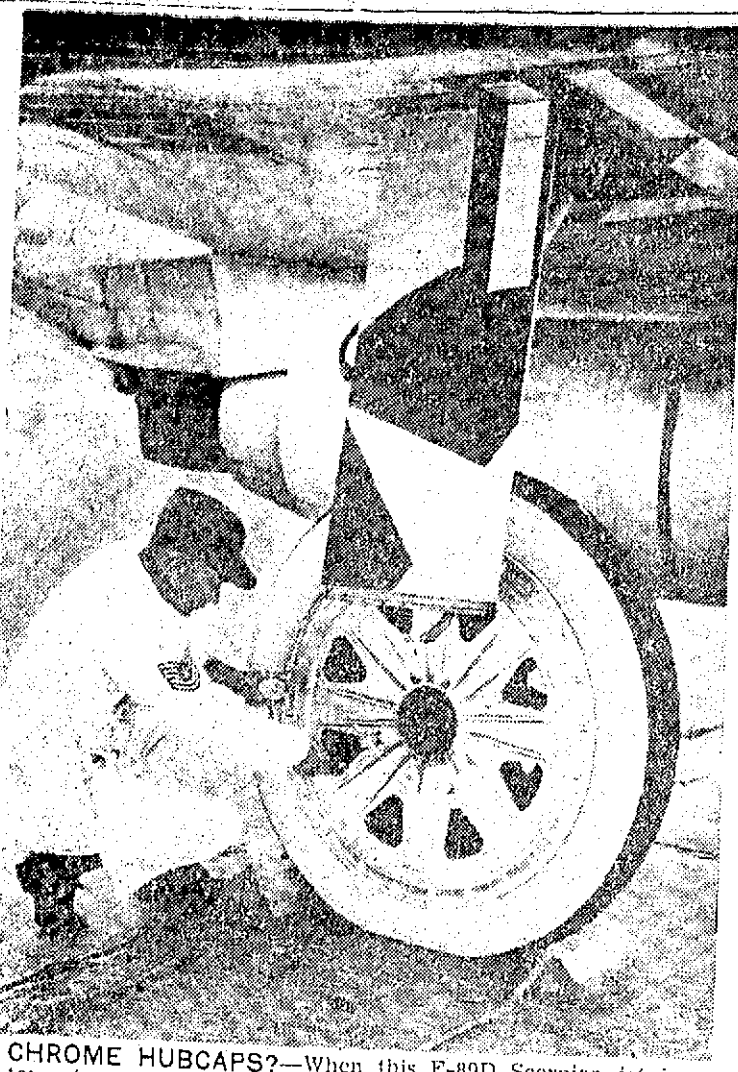

The German crew apparently had been washed overboard.

Mr. and Mrs. Morris Wall in Hot Springs.

Mrs. Allen Shipp of Hope was the guest Sunday of Mr. and Mrs. Dean May.

Mrs. H. E. Davis and Mrs. Paul Koslosky attended the 84th annual session of the Arkansas Order of Eastern Star held in Little Rock.

Demman May, HSTC student, spent the weekend with his parents, Mr. and Mrs. W. J. May.

**CHROME HUBCAPS?** — When this F-89D Scorpion jet interceptor comes rolling in at Tyndall Air Force Base, Fla., observers do a double take. T Sgt. Elton Klusman of West Thomas, Mich., checks air pressure in one of the plane's white sidewall tires.

## Widow, Two of Her Children Perish

BARBOURVILLE, Ky. (AP) — A young widow and two of her five children burned to death Tuesday night when trapped by fire in the second floor of their home at Flat Lick.

Two youngsters escaped by jumping out the window. The third was away with relatives.

The blaze broke out in an upstairs bedroom where Lowell Mills, 3, and Ronnie, 5, were sleeping.

Mrs. Jack Mills, 32, ran into the room to get the children. They were trapped in the room. A son, James, 10, jumped out the window with his 9-year-old sister, Charlotte. The child who was not at home was Jack Jr., 14.

Friends but as members of separate hunting parties.

Price quoted Woodall as saying that he heard a shout from Harris' hunting companion, Doc Paul of Higginson, but that he thought the charge from his shotgun and struck a dog.

He left the scene but surrendered when he learned Harris had been struck and killed.

No charge was filed.

IT REASONS

SAN DIEGO, Calif. (AP) — Judge Ronald Abernethy convicted a motorist of drunken driving and ordered his driver's license revoked. The man said he couldn't comply, he's been driving in California for 12 years and in all that time he hadn't been able to pass the license examination.

Price described the men as

## Non-Strikers Jeered at Wilson Plant

ALBERT LEA, Minn. (AP) — Non-union production workers reported at the Wilson & Co. plant for work early today amid jeering, catcalls and an occasionally hurled rock from a picket line.

The activity was mild compared to Wednesday's violent three-hour siege by nearly a thousand massed pickets and sympathizers at the plant gates. Workers were barred from leaving the plant by stone throwing until police formed a protective cordon.

Apparently heading the plea of law officials, only 150 pickets and sympathizers appeared this morning, including Charles Lee, president of Local 6, of the United Packinghouse Workers of America, whose members are involved in a work stoppage.

An occasional rock sailed out of the early morning darkness as first workers' cars started arriving about 6:30 a. m. Jeers, catcalls and being rose from the picket line as cars passed through the main gate, only entrance opened this morning.

About 100 cars passed through the gates carrying a work force estimated at 50 per cent below that of the last several days the plant has been operating with a nonunion production force. Only employees entering the plant on foot were a few office girls who passed along the picket line without incident. They are not UPWA members.

The work stoppage, which the company calls an illegal strike and the union calls a lockout, began five weeks ago with overtime work apparently a key issue. Wilson broke off negotiations with the union for a new contract after about 225 workers refused to work a nine-hour day Oct. 29.

Late in November the company warned employees to return to work by Nov. 30 or lose their jobs. On Nov. 28 it said if it hired new men, they would be considered

permanent employees. The union generally has been in a position to slightly over 1,000 men. Company officials said the men have been hired and are on the side of the plant.

The disturbance at the Wilson & Co. plant for work early today amid jeering, catcalls and an occasionally hurled rock from a picket line.

The activity was mild compared to Wednesday's violent three-hour siege by nearly a thousand massed pickets and sympathizers at the plant gates. Workers were barred from leaving the plant by stone throwing until police formed a protective cordon.

Apparently heading the plea of law officials, only 150 pickets and sympathizers appeared this morning, including Charles Lee, president of Local 6, of the United Packinghouse Workers of America, whose members are involved in a work stoppage.

An occasional rock sailed out of the early morning darkness as first workers' cars started arriving about 6:30 a. m. Jeers, catcalls and being rose from the picket line as cars passed through the main gate, only entrance opened this morning.

About 100 cars passed through the gates carrying a work force estimated at 50 per cent below that of the last several days the plant has been operating with a nonunion production force. Only employees entering the plant on foot were a few office girls who passed along the picket line without incident. They are not UPWA members.

## TELEPHONE TALK

### Last Lines

As most of you know, this is my last week in Hope. I want to take this opportunity to express my thanks for all the fine things you have done to make the thirteen years that I have spent here, pleasant ones.

My family joins me in saying that Hope is the finest town to live and raise a family in that we know anything about.

Fred Gray, a young man from Hot Springs, will be your new Wire Chief. I know that you will be happy to welcome him and his family here. He will probably be writing this column before long.

All we Telephone Company Employees extend our warmest Holiday Greetings.

### Announce Your Gift With a Miniature Phone

I was walking down Main Street the other day looking at all the nice things on display for Christmas in the store windows and just about everything I saw would make a mighty fine gift for somebody.

But I guess that's where the Christmas shopping problem comes in — picking the right gift for the right person.

If you're stumped about what to give, I know a gift that's always right — an extension telephone in color. A color phone beautifies the home and is a faithful servant in kitchen, bedroom, den — wherever it's needed most.

Now, here's real news. When you order one as a gift, we'll send you a miniature color phone — absolutely free — packed in a colorful box and ready to be placed under the Christmas tree.

Call the telephone company today to order an extension telephone in color.

### Get Numbers Now For Holiday Calls

I know a lot of folks in Hope who are making long distance calls over the holidays.

To get everybody's numbers as fast as possible, it's important that you call as soon as you can. This will mean better service for everyone.

If there are any problems, please call the office. We'll have them fixed for you. This number service is free now and every day of the year.

Call by number. It's twice as fast.

The Friendship Sunday School Class of the First Baptist Church will have a potluck supper at the church on Tuesday, Dec. 15 at 7 p.m. for their annual Christmas party. There will be an exchange of gifts. All members and associate members are invited.

Mrs. W. O. Amos Hostess Circle No. 1 WSCS

Circle 1, WSCS of the First Baptist Church met in the home of Mrs. W. O. Amos with Mrs. L. D. Barham as co-hostess on Monday, Dec. 7. The home was decorated in the Yuletide theme. The meeting opened with prayer by Mrs. Cecil Weaver. There were 17 members and 3 visitors who enjoyed the Christmas story from Luke 2 given by Mrs. Steve Carrigan. Mrs. Clarice Cannon then gave "The Spirit of Christmas." Carols were sung with the history of each given by Mrs. B. W. Edwards.

During the business a special Christmas offering was taken for Missions. A delicious salad plate and coffee were served.

Junior Club Meets Margaret Elter, president, called the Junior Clubers Garden Club to order when they met at the Washington School Tuesday, Dec. 8. The Lord's Prayer was repeated in unison followed by the Junior Gardeners Pledge. Linda Halsey, secretary, called the roll and read the minutes of the last meeting.

Christmas decorations, how to make them and where to use them were discussed and many interesting ideas were presented. Mrs. J. O. Luck told a story about Davey's First Christmas. Refreshments were served by Miss Mary Margaret Haynes and Linda Halsey dismissed the meeting with prayer.

Mrs. Garrett Story Hostess To Circle No. 4 WSCS

The meeting of Circle 4, Mrs. Ross Moore, chairman, was a luncheon in the home of Mrs. Garrett Story with Mesdames Mouser, Walters, Cook, LaGrone, Graves as associate hostesses. Mrs. Moore gave prayer. After lunch was served the business of the circle was conducted and an offering for Missions was taken. The program opened with the singing of Christmas carols. Then Mrs. Herbert Arnold told the Christmas story.

Mrs. Donald G. Gilbert Honored With Bridal Shower Mrs. Donald G. Gilbert, the former Betty Blackmont, daughter of Mr. and Mrs. O. T. Blackmont of Blains was honored with

a bridal shower Saturday night in the home of Mrs. Cecil Weaver. For the occasion the guest of honor wore a brown beige ensemble with matching accessories. Mrs. Weaver used beautiful Yuletide decorations throughout the house. Many lovely gifts were received. The guests were served coffee, nuts and cookies.

Builders Class of the First Baptist Church Meets Tuesday

The Builders Class of the First Baptist Church held their Christmas party and dinner on Tuesday night, Dec. 8 at White's Cafe in Fulton. The dining room was lovely with the table centered with an attractive arrangement of red carnations and Christmas decorations.

Mrs. Hendrix Spraggins gave a beautiful story entitled "Once Upon A Christmas Time." Fellowship and gift exchange of the 20 members and guests were held around the traditional tree decorated with silver and red decorations.

Mrs. Loyd Kinard Hostess to Circle No. 2 of WSCS

Circle 2 WSCS of the First Methodist Church met at the home of Mrs. Loyd Kinard on Monday, Dec. 7. Mrs. Crow opened the meeting by reading a poem "Slow Me Down." After which the minutes and roll call was read. A short business meeting was held. The devotional from Luke, was given by Mrs. McDavid. Mary Lehman was in charge of a Christmas program with Mrs. Agee assisting. Her subject was "What Christmas Means." After which a Christmas offering was taken. The hostess served cake and coffee to 12 members.

Miss Laura Van Stickle to Wed John McDonald Duffie Jr.

Mrs. A. B. MacDonald of Ponca City, Okla. announces the engagement and approaching marriage of her daughter, Miss Laura Van Stickle, to John McDonald Duffie Jr., son of Mr. and Mrs. J. M. Duffie.

The bride-elect was graduated from Ponca City high school and the Kansas City Art Institute in Kansas City, Mo. She is employed in the district office of the Continental Oil Company in Ponca City.

Mr. Duffie is a graduate of Hope High School and received his degree of bachelor of science in petroleum engineering from the University of Oklahoma, Norman, Okla. His fraternity is Kappa Sigma. For three years he served on active duty with the U.S. Navy as Lt. (j.g.). He is also employed by Continental Oil Company.

The wedding will be an event of Dec. 19 in the chapel of the First Presbyterian Church, Hope. A reception will follow in the home of his parents.

Coming and Going

Mr. and Mrs. K. E. Ambrose left Thursday for Tulsa, Okla., to visit Mr. and Mrs. Kenneth Ambrose Jr. and family. Later in the month they will go to Roswell, N.M. to spend Christmas with Dr. and Mrs. Jack Ambrose and family.

## DOROTHY DIX

The Problem? Her Parents

By DOROTHY DIX

Dear Dorothy Dix:

Every time I come home from school or from any other place I fight with my mother or father. Although 14 years old and a freshman in high school, I'm not allowed to move without being watched. Dad won't let me go to

a movie with a boy. If I go to a football game, he takes me and brings me back. He expects a boy to come up to the house and sit the evening. We have no TV so what would we do? The boys who have cars are too old for me. The younger ones have no cars. Most live so far away they would have to leave as soon as they arrive. I hope you can help me. I am getting to be a nervous wreck in my own home. — Ready-to-Leave-Home

Memorial

Admitted: Henry Seaman, Hope; Rodney Joe Rice, Rt. 4 Hope; Howard Dain, Hope; Jerry Yancy Arkadelphia; Mrs. L. J. Purdie, Hope.

Discharged: L. E. Martindale, Dallas; David Fincher, Rt. 2, Hope; Mrs. Charles Honea and baby girl, Prescott; Rodney Joe Rice, Rt. 4 Hope.

the case with your father — he has your welfare at heart when he arbitrarily sounds the curfew. He is right in one sense, wrong in another.

A girl of 14, though suddenly endowed with all the sensations and emotions which are part of manhood, remains a child in actual experience. In effect, your father is like a parent who rushes for a window when he sees his child playing on the ledge, knowing full well he has no realization of the distance to the ground. Before your father lays down the law he should explain with affection, not rancor, why he is doing this.

Most children want to do what is right — as I'm sure you do. In thinking for them, parents encourage them to be weak instead of strong. Most children want to think for themselves, but they also want to develop codes of behavior which will win the approval of their parents. Children not only want but need to know what is expected of them. It is the not-knowing that upsets them, as it

has you.

Dear Dorothy Dix: Some parents think that going steady means you like the boy very much and in a few years will marry him. I know that in my eyes and to other kids my age, it means you like the boy a little more than you do other boys. Most kids don't go steady very long. I would like to reassure my mother about this. How can you become closer to your mother so that you can tell her your problem and ask her advice on things? I have these problems. — Trou-

## Unbeaten Cage List Shaved in College Play

By ED WILKS  
Associated Press Sports Writer

No more All America Bailey Howell and no more winning streak for Mississippi State in major college basketball.

With Howell, the 6-7 senior ace who led the way to a Southeastern Conference crown, now graduated and playing pro ball, State's unbeaten string ended at 11 games with a 71-62 setback by Little Louisiana Tech Wednesday night.

A tight zone defense and a hot, 43-point second half did it for Louisiana Tech, which had a three-way scoring punch in Ray Germany, with 17 points, and Jackie Moreland and Joe Daigle, each with 16.

It was only the second defeat in 34 games, stretching back to the 1957-58 campaign, for the Maroons, who had a 24-1 record last season but passed up the NCAA tournament because of racial issues. State won its last 13 games last season and breezed through its first three games this season.

Mississippi State wasn't the only team jolted with a first defeat Wednesday night, however. Once-beaten New Mexico State, trailing by 10 at halftime, spilled Colorado (3-1) from the unbeaten list 77-69 with 6-7 George Knighton scoring 20 points. And Little Holstra spoiled things for Army 59-56 on Stan Einbender's driving layup at the final buzzer.

Among unbeaten who stayed that way, Dayton whipped Miami (Ohio) 81-65, Oklahoma defeated Texas Tech 56-43, touring Miami of Florida rapped Houston 72-63 and Maryland beat Virginia 70-62 in an Atlantic Coast Conference game. The East's top-flight four also rolled with NYU whipping Rutgers 82-56, Dartmouth defeating Rhode Island 74-61, St. Joseph's (Pa.) smacking Gettysburg 75-54 and Providence beating Brown 84-53.

Once-beaten Notre Dame defeated Northwestern 92-70 in double-overtime on the Wildcats' court. Three baskets by John Tully did it for the Irish.

Texas Christian walloped winless Tulsa 99-77, an all-time high by a Tulsa foe and TCU's top total since scoring 101 against Abilene Christian four years ago.

## Liston Makes Besmanoff 26th Victim

By CLETE JONES  
CLEVELAND (AP) — Sonny Liston, who wants a shot at the heavyweight title isn't too satisfied with his decisive defeat of Willie Besmanoff Wednesday night.

"I wasn't too sharp," he said in his dressing room after the nationally televised ABC fight. It was his 19th straight victory.

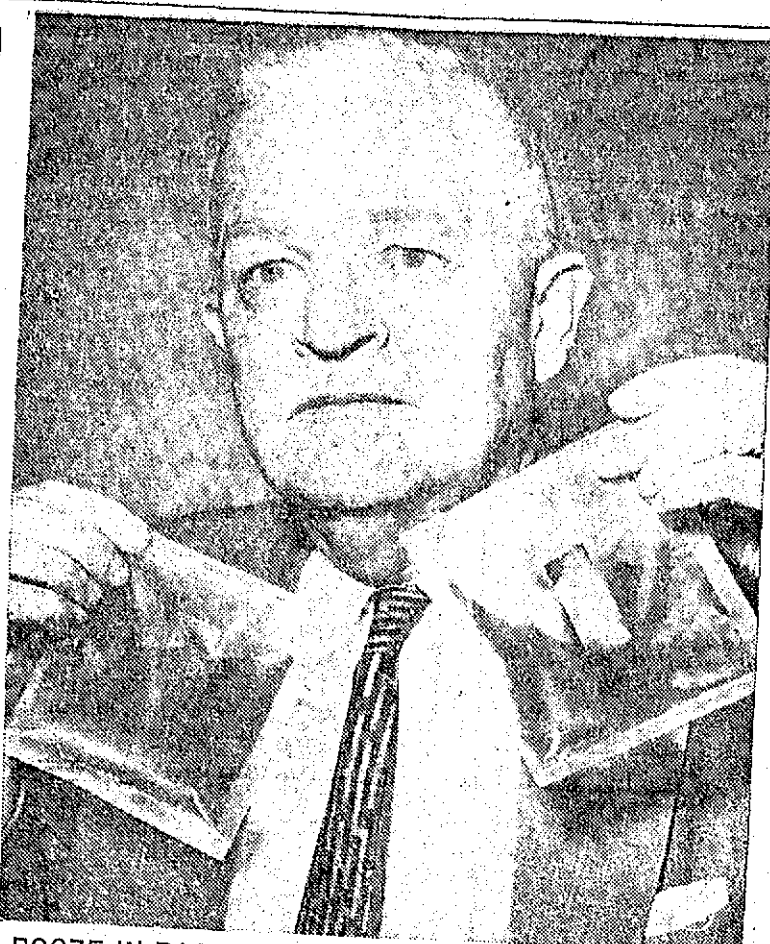

"I didn't start to warm up until the sixth," added Liston, third-ranked heavyweight contender.

Besmanoff absorbed a barrage of punches in the sixth and was bleeding from several bad gashes over his eyes. The referee stopped the bout between rounds and a was scored a seventh-round technical knockout.

The 27-year-old Besmanoff, German-born but now fighting out of Milwaukee, said glumly:

"That cut over the left eye bothered me from the first round, but I still thought I could go the distance and probably beat him. He was punching himself out and I thought I could come on."

Liston, 27, of Philadelphia, started slowly, relying on sharp left-

**BOOZE IN BAG**—Newspaperman James T. Keenan shows in Columbus, Ohio, a novel idea—liquor in plastic bags. The state is trying to decide whether it will market the drink-size packages. On the bags would be stickers carrying brand name, proof, age and the rest of the usual information.

**YES, WE HAVE BANANAS**—It's easy to grow a banana tree, according to Ralph Harmon, Harmon, manager of a grocery store in Cincinnati, got the tree from his father's place in Florida. In Ohio, the tree was planted and grew from six inches to 12 feet in seven months. But fall air began nipping at the plant and Harmon decided to winter it in the store. He's thinking of cutting a section from the store ceiling to see how well it'll do indoors.

hand punches which caught Besmanoff with regularity. The 210-pound Liston was nine pounds heavier than Besmanoff.

Liston now has won 26 of 27 fights.

Besmanoff, loser in his last two bouts, has a record of 41 victories, 17 defeats and seven draws.

Woodrow Wilson became president of Princeton University in 1902, governor of New Jersey in 1911 and president of the United States in 1913.

## 13 Convicts

Continued from Page One

Concord, N.C., and Ralph Byers, 27, of Winston-Salem, N.C., were picked up near Ruckersville, Va. Christy was serving 19-25 years for breaking and entering and manslaughter; and Byers 35-42 years for robbery with firearms and auto theft.

Taken in the Lunenburg area were Walter Brown Spears, 30, Greensboro, N.C., Negro serving 15-25 years for larceny; and Harvey Murchison, 26, of Willow Springs, N.C., Negro, serving 21 years breaking, entering, armed robbery and escape.

The trio captured at Pilot, the FBI said, had held Jonas Soures hostage in a vacant house. He was freed unharmed when police swooped down on the men.

Earlier, Leslie Gaultier, 28, Faison, N.C.; Hillary Inman, 24, Kings Mountain, N.C.; Grady Stone, 23, Lumberton, N.C.; and Glenn Hensley, 35, Asheville, N.C., were captured at Cambridge.

Charles Edwards, 28, Gastonia, N.C., was captured only a few hours after Tuesday's smoothly-handled escape at Ivy Bluff.

Stone, after his capture in Ohio, said the men fled the institution because "they just couldn't stand it down there. When I escaped, I got my first coke and candy bar in 19 months."

138, Chicago, 5.

Tokuo-Lee Espinosa, 123, Philippines, outpointed Yukio Katsumata, 124 1/2, Japan, 10.

## Billy Cannon Honored in New York

NEW YORK (AP) — Billy Cannon, Louisiana State's All America halfback, heads back to Baton Rouge today taking with him the accolades of Vice President Richard M. Nixon who presented him with the Heisman Trophy Wednesday night.

"He may not be the best runner, kicker, passer, tucker or punts receiver," Nixon told a nationwide radio audience and hundreds of fans assembled at the Downtown Athletic Club, "but Billy Cannon is the best football player in the United States today."

Nixon described him as "not an ordinary Cannon, but an atomic Cannon — the ultimate weapon in the arsenal of Paul Dietzel (LSU coach)."

One LSU official wondered aloud if Cannon will now be allowed to settle down and prepare for the Sugar Bowl game against Mississippi on New Year's Day.

He has already been honored as an All America halfback on The Associated Press' 1959 eleven, the second year in a row he made the first team, and was picked as the nation's outstanding back in a poll of writers and broadcasters.

The Heisman Trophy is given each year to the outstanding football player in the nation by a vote of sportswriters and broadcasters in conjunction with the Downtown A.C. here.

**India Reminded**

Continued from Page One

dressed 600 members of Parliament in joint session after talking over world problems with Prime Minister Nehru for more than four hours. There was little question that Red China was a key topic.

In his address, Eisenhower made no direct mention of Nehru's troubles with the Peking regime over disputed border territory. But he said the United States has built up adequate armed forces.

"They serve not only for our defense but for our friends and allies who, like us, have perceived this danger," he added. "They so serve for defensive purposes only."

The danger Eisenhower had in mind was clearly that posed by international communism. He said a long series of harsh alarms and caused anxiety and suffering in the past decade.

"These alarms invariably had their source in the aggressive intentions of an alien philosophy backed by great military might," he said. "Faced with this fact, we in America have felt it necessary to make clear our own determination to resist aggression through the provision of adequate armed forces."

In an indirect slam at communism, Eisenhower said Americans and Indians think alike because "you and we never boast that ours is the only way."

"Both are conscious of our weakness and failings," he said. "We both seek the improvement and betterment of all our citizens by assuring that the state will serve and not master its own people, or any other people."

**More Welfare to Cost More, Adams Says**

LITTLE ROCK (AP) — Welfare Commissioner Carl Adams said today that a new federal welfare proposal would greatly benefit the people of Arkansas but they would have to shell out additional millions of dollars to pay for it.

The commissioner told a conference of the Arkansas Assn. of Public Welfare Workers about his attendance at a workshop in Washington last week, when Arthur Flemming, secretary of Health, Education and Welfare, presented the new plan.

Adams quoted Flemming as saying that wide liberalization of the laws concerning Social Security payments, unemployment and welfare will be proposed.

If these changes take place in the next few years, Adams said, they will bring untold benefits to the needy in Arkansas but residents of the state will have to pay extra millions in both federal and state taxes.

"I am wondering what will be the overall effect on our present way of life, our economy and ability to finance that type of program," Adams said.

He told the welfare workers he didn't know just when the "radical-to-the-grave" plans would be offered to Congress.

### When to Fish or Hunt Solunar Tables

By John Alden Knight

When to Fish or Hunt

By John Alden Knight

The schedule of Solunar Periods as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the time shown and last for an hour and a half or two hours thereafter. The Minor Periods, shown in regular type, are of somewhat shorter duration.

Origin of Christmas Tree

Several scholars believe the Christmas tree began in early Rome. It appears in Germany in literature in 1604. Tree worship was common in the Scandinavian countries. The Swedes and Norwegians still place a small fir tree or branch on the ridge-pole of a newly built house for good luck.

When the pagans of Northern Europe became Christians, they made their sacred evergreen trees part of the Christmas festival and decorated the trees with gilded nuts, candies and apples to stand for the stars, moon and sun.

**Calendar of Events**

The Steward's Board of the Mt. Pleasant CME Church will sponsor a winter roast at the church Saturday night, Dec. 12.

The Civic Improvement Association will hold its regular meeting tonight at 7:30 in the Hicks Funeral Home Chapel. In the last meeting it was agreed that only one meeting a month would be held on the second Thursday of each month. President H. L. Washington is urging everyone to attend this meeting.

Yerger Grad Chosen Who's Who Shirley Marie (Sue) Robinson, a graduate of Yerger High and a student at AM&N College, Pine Bluff, is doing practice teaching in Home Economics in Dermott, under the direction of Mrs. Levern Feaster.

She was chosen NFA Sweet Heart in 1955 and was granted a scholarship through the Music Department of the college and has retained the scholarship all through her college career. As a result of her character traits in leadership and academic and extra curricular activities, she was chosen for the "Who's Who in American Colleges and Universities."

### Space Pilots Live in Strange World

EDWARDS AIR FORCE BASE, Calif. (AP) — America's space pilots are learning to live where nothing weighs anything.

The lessons will serve them when they someday make their expected historic flights aboard satellites orbiting the earth.

One of them, Capt. Donald K. Slayton, 35, of Sparta, Wis., says the sensation of weightlessness is nothing he hasn't experienced before during his 17 years of flying.

They practice eating and drinking during the brief periods of zero-gravity—never more than a minute at a time.

Containers won't empty, water won't pour. So they use tubes, like tooth paste tubes, to squeeze the semi-solid food and the water into their mouths.

Slayton and Capt. Virgil I. Grisom, 33, of Mitchell, Ind., are taking the weightless training this week. Three of the seven men picked to fly the first manned space flight are due next week for the session.

The parliament of Spain is known as the "cortes."

## Dorothy Dix

Continued from Page Three

Dear Dorothy Dix: You have the right instinct. Instead of beating around the bush, you ask two direct questions, one about steady dating, the other about growing closer to your mother. The latter, of course, is the more important of the two. It depends on how close you've been in the past. But the very fact that you want to talk out your problems with her, makes it easier. She must be the right sort of mother or you wouldn't write as you do. Try asking her advice on this very problem of steady dating, first explaining that kids don't take it seriously. Confide your hopes and fears to her. I'm sure she'll hold out her arms and say, "Tell me your worries, dear. Nothing is ever as bad as it seems once you face it."

Dear Dorothy Dix:

In my home I adhere to take orders. I resent my parents asking me to turn off the lights, make coffee, etc. My parents have a right to know where I go on my dates, but when they ask, "Where did you go?" I snap back, "In school, it's all different. I don't mind taking orders. I do everything the teachers request such as doing homework, studying. As a result of this I receive very good grades, like all my teachers and

**SCHOOL'S OUT**—Geoffrey Hyde, 51, and his daughter, Wendy, 14, leave Chamberlayne Wood Road secondary school in London. Wendy has been sent home day after day because school authorities take a dim view of her high heels and tight skirts. Her father has consulted lawyers with a view to taking legal action because Wendy is being deprived of her education. Hyde apparently likes the way his daughter dresses.

get along with them. I feel so bad when I think of my actions toward my parents. They give my sister and me everything they can afford. In my opinion they have done an excellent job of raising us and I hope I do half as well for my children.

I'm a 16-year-old girl and a senior in high school. I would appreciate any advice concerning my problem.—Worried

Dear Worried: Most parents, no matter how devoted, are prone to think for their children; forgetting, if they want them to develop into worthwhile citizens, that they

## PSC Makes Ruling in Telephone Case

LITTLE ROCK (AP)—The State Public Service Commission has authorized the Allied Telephone Co. to pass on to consumers any more than 50 cents per telephone city franchise tax which totals annually.

The ruling came in a case involving the company and the city of Sheridan.

The commission said Allied could bill customers, under a heading of franchise tax, to recover each customer's proportionate share of the tax increase.

"It is not the purpose of this commission to undertake to tell the municipalities the amount of taxes they may levy," the PSC order said, "but it is the intention of the commission to prevent discrimination that could arise from a wide variance in special city taxes."

## Assistant to Oliver Decides to Retire

LITTLE ROCK (AP)—State Highway Director F. R. Oliver yesterday announced the retirement of Vernon E. Scott, administrative assistant. Oliver said Ralf M. Smith, 45, of Washington, D. C., would replace Scott Jan. 1.

Smith is administrative officer of the office of Research of the Bureau of Public Roads. He has been employed by the bureau for 23 years. Scott, 67, has been a Highway Department employee for 26 years.

## Lauderdale to Be Sentenced Feb. 1

LITTLE ROCK (AP)—Circuit Judge William J. Kirby probably will sign an order tomorrow delaying until Feb. 1 the sentencing of segregationist leader E. A. Lauderdale Sr. for dynamiting of the Little Rock School Board offices.

Kirby, who has granted similar delays for two convicted co-defendants of Lauderdale, was not at his office today.

Sentencing of Lauderdale now is set for Dec. 23.

mus start by giving him self-confidence. They can best do this by encouraging the youngsters to try out their own powers. An illustration of this is the estate appraisal given a baby learning to walk. Fond parents encourage it to wobble along on its own two feet and, even if it falls flat on its face, set it right and coax it to continue—alone. They have more faith in the baby than in the teen-ager, more's the pity, since the same principle holds for both.

Send your problem to Dorothy Dix. Be sure to enclose a stamped, self-addressed envelope, and address her in care of this newspaper.

(Released By The Bell Syndicate)

Plus it's safe, don't flip anything out of the car that has fire attached!

## Commission Studies Two Route Changes

LITTLE ROCK (AP)—The Arkansas Highway Commission has promised to study the possibility of changing the proposed new route of Highways 63 and 167 south of Little Rock to avoid valuable bauxite deposits.

Leon B. Catlett, attorney for Reynolds Mining Corp., told the commission yesterday afternoon that the company owns 300,913 tons of high grade bauxite ore beneath a portion of the proposed new route.

He suggested that the route could be moved slightly eastward to curve around the bauxite property. He added that there are no bauxite deposits or abandoned mine pits on the route he suggested.

The discussion centered over a planned combined route of the two highways from Little Rock South. The new highway would run between locations of the present routes and would divide about 10 miles south of Little Rock to link up with the existing roads.

The commission, which earlier had taken under consideration a proposal of Director F. R. Oliver that projects be planned as far ahead as two years in advance, programmed jobs costing an estimated \$615,000 in three counties.

Most expensive will be reconstruction of a section of Highway 64 and widening of the Slough River Bridge in Johnson County at an estimated cost of \$365,000.

Reconstruction of 2.6 miles of Highways 63 and 82 north of Lake Village was estimated at \$150,000 and replacement of a bridge on Highway 28 over Fourche La Pave River between Needmore and Forester in Scott County at \$100,000.

In another category the commission programmed as maintenance and betterment projects \$7,700 worth of resurfacing on Highway 64 in Fort Smith and \$7,300 worth of work on two bridges on Highway 181 in Mississippi County.

The commission awarded contracts for \$1,254,483 worth of road and bridge work, raising the total spent for the year to a record of approximately \$50,235,000. That compares with last year's total of about 38 million dollars.

## ALC to Take Up Four Key Proposals

JONESBORO, Ark. (AP)—The Arkansas Legislative Council will discuss 4 proposals at the regular meeting here tomorrow. The session will be held in the administration building at Arkansas State College. The college will host the legislators for guided tours of the campus in the morning and for lunch.

Among reports to be received is one from the Council's public health and welfare committee on items of financing the University Medical Center in Little Rock.

The committee's hearing evoked a storm of controversy, including a public dispute between Medical Center and state Welfare Department officials. The committee's report recommends that the two departments work out personal differences and try to get together on the financing matter.

Proposals to be considered:

1. That the council undertake an investigation into activities of the Board of Cosmetology, advanced by Sen. Guy Jones of Conway.

2. That the council investigate financing of the State Police, especially to determine whether salaries of troopers are too low. Also advanced by Sen. Jones.

3. That the council investigate the possibility of giving persons over 35 years of age a property tax exemption on their homesteads. Advanced by Rep. N. E. Murphy of Ashley County.

4. That the council study driver education programs of various states to determine methods of promoting highway safety in Arkansas through driver education. Advanced by Sen. Tom Allen of Brinkley.

## Arkansas Entry to Cotton Maid Finalist

MEMPHIS (AP)—Twenty-two young beauties, each a native of a cotton producing state, today were named finalists in the 1960 maid of cotton contest.

The new maid, who will be selected here Dec. 30 after two days of judging, will make an international tour as good will envoy for the nation's cotton industry.

Eighteen of the finalists were chosen from hundreds of applications and photographs sent to the national cotton council here. Four others automatically qualified after winning their state maid of cotton contests earlier this year.

The finalists include:

Alabama—Mary Graham Hunter; Georgia—Mary Jane Melton, Jonesboro.

## 300 Polio Cases in Arkansas

LITTLE ROCK (AP)—The Arkansas State Health Department has counted 300 polio cases in the state this year, including two new cases last week in Chester and Pulaski counties.

A spokesman said 223 of the 300 cases were paralytic. Last year the state reported only 27 cases and no deaths for the same period. This year 10 deaths have been reported.

**POSTER GIRL**—Mary Beth Pyron, 2½, plays with her mother, Mrs. Norma Pyron, at their Florence, Ala., home. Mary Beth was born with a spinal defect that prevents her from walking or standing. She was selected as poster girl for the 1960 March of Dimes.

## Pay TV Idea Brought Up by the FCC

WASHINGTON (AP)—Pay-TV, federal controls and a Citizens Advisory Commission were among suggestions to the Federal Communications Commission today for improving radio and television programming.

The suggestions were advanced at a public hearing at which FCC Chairman John C. Dierker questioned whether his agency could impose its ideas of good taste on broadcasters.

The chairman drew an agreement from William F. Buckley Jr., editor of the magazine National Review, that Western magazines and "who done it" appear on newstands in proportion to classic material in about the same proportion that violence and crime are depicted on TV screens.

Buckley suggested a system of subscription television, paid for by the viewer and without advertising content.

The proposal for federal control of networks was advanced by the American Civil Liberties Union.

The suggestion for a Citizens Advisory Commission came from Prof. William Y. Elliott of Harvard University, who recently edited a book on TV's impact on American culture.

Elliott said such a commission would not be hamstrung by the ban on censorship which now applies to the commission.

## Settlement More Than Offered

LITTLE ROCK (AP)—The federal government and Mrs. Vessie Morrison have settled on a price of 16,000 for a house and lot she owned on the site of the new federal building in Helena. The settlement was \$4,000 more than the government had offered when it filed suit to acquire the land through condemnation proceedings.

## Two Injured by Spray of Acid

MEMPHIS (AP)—Six men were seriously burned last night when a vat of caustic acid spilled over at the Humko Chemical Division plant.

Physicians said L. A. Sweet, plant superintendent, and Gene Thompson, assistant superintendent, were the most seriously injured.

The cause of the accident was not determined.

## Marine Terminal Is Dedicated

LAKE VILLAGE, Ark. (AP)—A half million dollar marine terminal for propane gas—Arkansas' first such facility—was dedicated here yesterday.

G. C. Richardson of Bartlesville, Okla., a spokesman for Cities Service Oil Co., said that work would begin immediately to increase capacity of the Mississippi River terminal from 800,000 gallons to 900,000 gallons.

Lamar Grisham of Dermot conceived the idea of the terminal and built it with co-operation of Cities Service.

Before construction was com-

## BAKED APPLE SAUCE-TAPIOCA

You often serve canned apple sauce. You often serve tapioca custard. But in this baked dessert you serve them both. And the result is jolly, a bit of the unexpected, yet friendly and familiar.

The apple sauce layer, blended with sugar 'n spice is bright, tangy and full of real apple fruitiness. The tapioca custard poured on top is smooth and delicate. As for the meringue... well, that turns the dish into a dress-up dessert you'll be happy to serve to family, to guests, to your Junior Juniors and Senior Seniors.

And you'll be happy, also, to see how simple it is to prepare. A can or jar of apple sauce, a package of quick-cooking tapioca... and you're on your way.

2 cups canned apple sauce  
1 1/2 cup brown sugar  
2 teaspoons lemon juice  
1/4 teaspoon nutmeg  
1/2 teaspoon salt  
1 tablespoon butter  
1 1/2 cup quick cooking tapioca  
1 quart milk  
3 eggs, separated  
1/2 cup sugar  
1 teaspoon vanilla extract  
1/2 cup sugar

Combine apple sauce, brown sugar, lemon juice, nutmeg and 1/2 teaspoon salt. Place in casserole; dot with butter. Soak tapioca in 2 cups milk, 5 minutes. Beat egg yolks; add tapioca mixture, remaining milk, 1/2 cup sugar, 1/4 teaspoon salt and vanilla extract. Carefully pour over apple sauce. Bake in moderate oven 325 degrees, 1 hour and 15 minutes. Beat egg whites stiff, gradually add remaining 1/2 teaspoon salt and 1/2 cup sugar, beating constantly. Spoon over tapioca. Bake at 325 degrees about 15 minutes or until meringue is delicate brown. Serve cold. Makes 8-10 servings.

## OO THE HOSTAGE

BY CHARLES HENRY

© Copyright 1957 by Charles Henry Distributed by NEA Service, Inc.

TE STORY: Bill and Carol... danger, the terrible urgency of the matter.

"How long ago was this?" Bill asked. "When did she last see them there?"

"I don't know. Half an hour ago, I don't know. Bill — he was so awful-looking!"

"Now, Carol," Bill said quickly. "hold on. We've only got Miss Mabry's word for this."

"But she wouldn't lie about a thing like this! Not about a little child. No one would!"

"All right — but wait a minute. Even if it's true — even if she saw Davey down there — that still doesn't mean he went off with this man. That's not like Davey at all. He wouldn't even speak to a stranger."

Reaching out to touch her hand, he got to his feet. "You just wait and see. I'll go over and take a look. I'll be right back."

As he turned away, Carol reached out quickly, catching at his hand.

"Call the police, Bill. Isn't that what we should do?"

"I'll take a look first," Pulling away, he started across the room. "He's probably there. I'll be right back."

He was nearly to the door when she felt the last of... Davey's gone. She called out harshly, her voice sharp with hysteria. "Davey! Davey! Davey!"

Bill turned abruptly, in astonishment.

"You! How can you be so calm?" She looked at him as a shrill judgment. "What's the matter with you? Davey is your son, isn't he?"

For a moment they simply looked at each other, like a surprised, arrested figure in the doorway, she a frightened, lost one, suddenly haggard from the staring grayness from the windows.

A look of doubt came into Bill's face, but it quickly departed. "I have to be calm," he said distinctly, firmly. "We're not certain anything's happened yet."

He turned and left, closing the door quietly behind him.

Carol did not move. The stillness closed in heavily around her, shutting her in with the knowledge that she had behaved badly. She had given way bravely before a fear that, as yet, was not even based on fact.

Slowly, becoming aware of the room, she saw it as it had been the day she came home from the hospital. Now it was just an empty room again. How quickly rooms change — and life — could be destroyed in a single moment.

The fear possessed her utterly. She knew that she could not leave it one more moment. Her gaze departed in desperation to the telephone. Springing forward she buried herself toward the instrument and felt to her knees before she dialed for the operator.

"No," she said, "this is not right. She didn't see him. He didn't leave the park. He didn't... however, I'll try him again."

## Industrial Group Changing Staff

LITTLE ROCK (AP) — The Arkansas Industrial Development Commission is reshuffling its staff, and at least two and possibly three employees will be discharged, Executive Director W. D. Rock says.

The change is being made to accept a community service program, Rock said.

"We saw the need for staff changes some time ago," he said. "The reorganization is the result of considerable planning."

Rock did not disclose who those to be fired are.

He said he had moved up Pat Jonesboro and George Florida of Osceola, in place of William R. Ewald Jr., who resigned several months ago. Rella Pich, administrative assistant to Gov. Orval E. Faubus, said complaints had been received about the impending dismissal.

He said he had not discussed the matter with Faubus, who is all at the mansion with a severe cold.

MEMPHIS (AP) — An Arkansas banker, Fred Carter of Lake City, was named president of the Baptist Hospital Board of Trustees at the annual meeting here yesterday. Elected to the executive committee were W. R. Bryant of Osceola, and George Florida of Osceola.

## Kennedy Has Not Canceled Appearance

WASHINGTON (AP) — The office of Sen. John F. Kennedy (D-Mass.) today described as inaccurate a story that he canceled an appearance at an interfaith meeting in 1950 in response to a Roman Catholic cardinal's order.

The Rev. Dr. Daniel A. Pating, editor of the Christian Herald, said in an article published by the magazine that Kennedy, after accepting an invitation to speak at the meeting, telephoned him he

would have to withdraw his acceptance because the late Dennis Cardinal Dougherty had asked him not to take part.

At the senator's office, a spokesman said: "All we can say is that the story is inaccurate."

However, the spokesman added that there had been a decision at one time not to comment on Dr. Pating's story. Since the story had been given wide circulation, he said, it was decided to break silence concerning it.

Kennedy was asked in New York Monday night for comment. He declined to make any statement.

More than 60 per cent of the state of Iowa is under cultivation, in which Sam made the trip

## Sam the Space Monkey Is Resting

SAN ANTONIO, Tex. (AP) — Sam the space monkey rested in day while scientists worked to determine what his trip into space means to man.

He was shot 55 miles up last week in a Little Joe rocket from Wallops Island, Va. He was fished from the sea and sent to the Aerospace Medical Center at Brooks Air Force Base here, Texas.

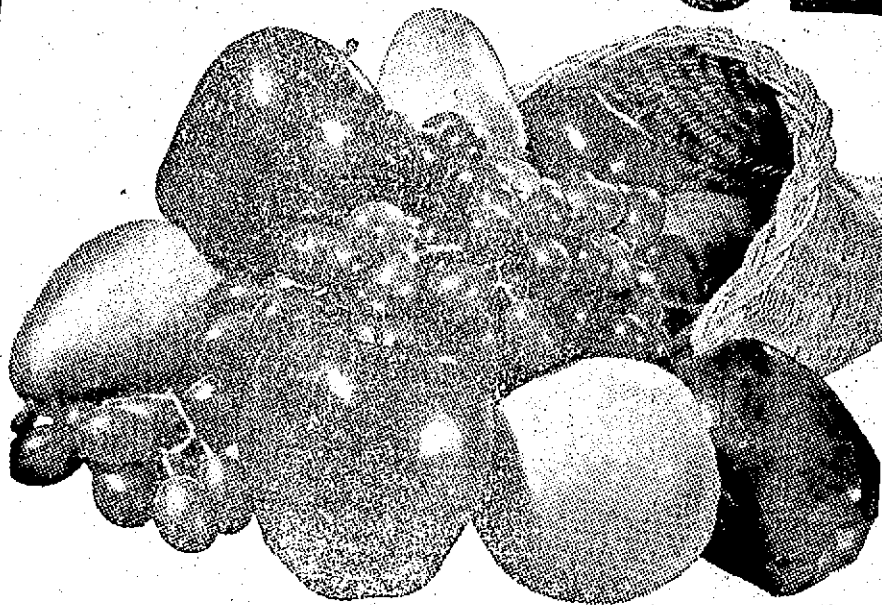

Scientists here said Tuesday that one of the flight's main purposes was achieved when it was demonstrated that the container in which Sam made the trip

worked well. They are studying the monkey's behavior, temperature, and other reactions. They are not ready to say it will mean in long moon-flights.

NAME FITS DENVER (AP) — The House of Prayer here. Lichfield grammar school, founded in 1885 by Samuel Johnson and son and actor David, its students.

## 500 RABBITS

In a Philadelphia laboratory, 500 rabbits are helping science find ways to build resistance to TB. Scientists throughout the country need your help in their search for better ways to fight tuberculosis. Your Christmas Seal contribution, however small, helps by testing tuberculin, chemicals, slides, even carrots for the 500 rabbits.

FIGHT TB WITH CHRISTMAS SEALS

## Highway Director Receives Raise

LITTLE ROCK (AP) — Highway Director R. Oliver got a 3 percent raise today.

The Highway Commission voted to raise his annual salary from \$12,000 to \$12,360, effective Jan. 1.

Oliver, who has been in the job since 1954, is the first to receive a raise since the new salary schedule was being considered.

## Probers Offer Goldfine

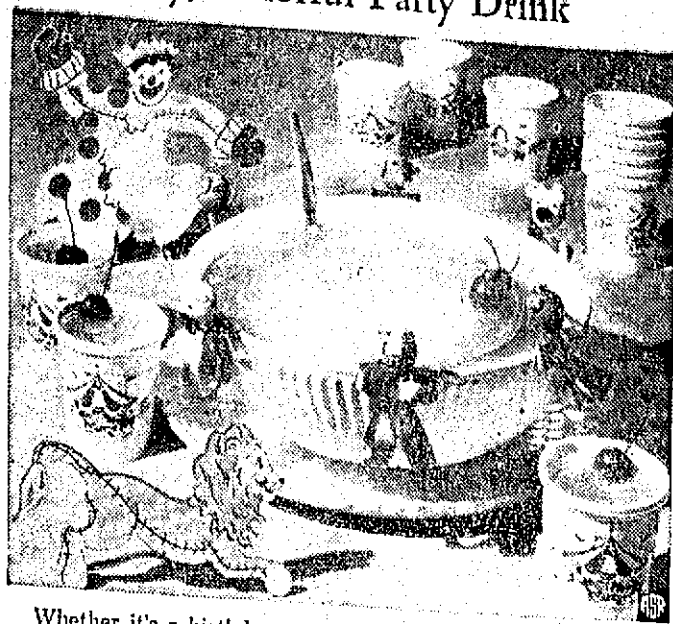

HOPE (AP) — House today granted Boston's Goldfine a full year's probation for refusing to testify before a Senate subcommittee. He was fined \$1,000 and ordered to pay the costs of the hearing. Goldfine, 40, a real estate company which he did not own out-

## Gay, Colorful Party Drink

Whether it's a birthday or holiday party, there's nothing like festive refreshments and colorful decorations to bring laughter and that not only has eye and taste appeal but a wealth of vitamins A and C to boot. Surprise your young guests with tangy instant breakfast drink served from a decorated kitchen bowl. They will enjoy this favorite beverage in its party setting and have fun watching the "Frozen Island" made with the same easy-to-prepare golden drink mix.

Tangy Floating Island  
2 cups instant breakfast drink  
10 1/2 cups cold water

Add instant breakfast drink to water and stir until completely blended. Pour 3 cups into an 8-inch pie pan and freeze. Chill remaining beverage. To serve, pour chilled beverage into a large punch bowl or decorated mixing bowl. Add frozen block of instant breakfast drink and garnish with cherries, if desired. Makes about 20 to 24 four-ounce servings.

the baby, Beverly Evans, from her bed.

The child, daughter of H. G. Evans and his wife, suffered minor burns.

So did her blind great-grandfather, Henry Evans.

Both were treated at a hospital and dismissed.

Weist, who happened to be driving by the house, was not injured. Assistant Fire Chief Joe Edwards

The house was destroyed.

er, a Negro.

The Booker child was burned

## Drug Firm Claims Price Was Reduced

WASHINGTON (AP) — Merck & Co., Inc. said today that after introducing cortisone for the treatment of arthritis in 1949 it voluntarily reduced the price 90 percent in three years.

John T. Connor, president of the Rahway, N.J., firm told the Senate Antitrust and Monopoly subcommittee: "At no time since the first sale in 1949 have we raised the price of any of our steroid products."

The subcommittee is looking into the pricing of cortisone steroids in the first phase of a broad inquiry aimed at finding out whether there is profiteering by drug manufacturers.

Connor contended an objective examination of the facts "will reveal a highly competitive industry, free of excessive concentration, discovering, developing, producing and marketing an ever-increasing quantity of medically, socially and economically valuable products at a stable or lowering price level."

He said that since 1940 Merck's research and development expenditures have been rising roughly 2 1/2 times as fast as sales and profits.

Connor brought with him Dr. E. C. Kendall and Dr. Philip S. Hench, who in 1950 won the Nobel Prize for their part in the development of cortisone.

Kendall said that cortisone could still be just a laboratory curiosity "if these who directed the destiny of Merck & Co. had not had the foresight and courage to persist in trying to make it, after everyone had abandoned the attempt except their chemists and those in my laboratory at the Mayo Foundation."

Hench said that cortisone has enabled a million victims of arthritis, who would otherwise be helpless invalids, to lead useful, productive lives.

Sen. Estes Kefauver (D-Tenn.), a subcommittee chairman, announced that a hearing scheduled for Monday to take testimony from officials of the Upjohn Co. will be held instead this coming Saturday.

## Helicopter Climbs to 30,000 Feet

BLOOMFIELD, Conn. (AP)—A helicopter piloted by an Air Force captain today established an unofficial world altitude record for its class by climbing to 30,000 feet.

The Kaman H43B crash-rescue turbine-powered helicopter reached the height 30 minutes after takeoff from the company's grounds here.

It is not the highest altitude reached by any helicopter, however. A French turbine-powered Alouette helicopter has reached a height of 36,000 feet.

## American Escapes After Sentencing

PINAR DEL RIO, Cuba (AP)—Military headquarters announced that North American Frank Austin Young, Miami, Fla., sentenced Tuesday by a military tribunal to 30 years imprisonment escaped from military prison early this morning.

Cdr. Jose Argibay made the announcement that Young had escaped with another prisoner, Sergio Hernandez Reyes, who was to be tried Friday on counter-revolutionary charges.

Young was tried for counter-revolutionary activities with 37 others, including Peter John Lambton of Nassau.

Military headquarters did not make public any details of the escape.

Both had been held at the military prison at Pinar del Rio army barracks.

## Lauderdale Case Delay Asked

LITTLE ROCK (AP)—Attorneys for E. A. Lauderdale, convicted last month in connection with the Labor Day bombings here, were expected to ask Circuit Judge William J. Kirby today for an extension of time in which to appeal.

Kirby already has indicated he would be favorable to such a motion.

Lauderdale has until Dec. 23 to appeal.

Two other men convicted in the bombings already have been given until Jan. 11 for an appeal.

Lauderdale's punishment as fixed at three years imprisonment and a \$500 fine.

seriously and taken to a Memphis hospital.

If a tree gets a third degree burn — get the underdog — no doctor can help!

## PRUNE NUT LOAF

Ideal treat for holiday callers. Dressier than plain bread but less rich than holiday cake, Prune Nut Loaf is a wonderful bet for the holiday season. With this inviting loaf tucked away in reserve, you can always produce a light refreshment to grownups or children.

Prune Nut Loaf is a compact loaf, slightly moist, and crammed full of meaty prune pieces to give it a wonderfully sunny, mellow-to-tart fruitiness. You can slice it thin and butter, for it takes the knife without crumbling. You can slice it thick and spread with cream cheese or jelly.

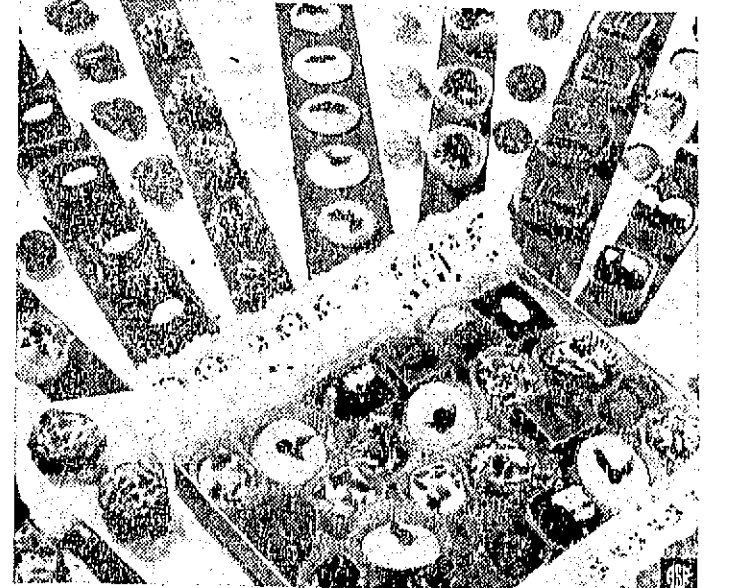

And as a final virtue, Prune Nut Loaf is simple as can be to bake. The ingredients are few, the directions simple.

1/2 cup butter or margarine 2 cups all-purpose flour  
1/2 cup sugar 1 teaspoon baking powder  
2 eggs 1/2 teaspoon baking soda  
1/2 cup prune juice 1/2 teaspoon salt  
2 teaspoons grated lemon rind 1 cup chopped pitted prunes  
1/2 cup chopped walnuts

Cream together butter or margarine and sugar. Add eggs, one at a time, beating between each. Add prune juice and lemon rind. Sift together flour, baking powder, baking soda and salt. Add to creamed mixture. Mix well. Stir in prunes and nut meats. Pour into greased 9"x5"x3" loaf pan. Bake in moderate oven, 350 degrees F., 60-70 minutes. Slice when cold.

\*Prunes were soaked in cold water over night. The soaking water was the prune juice used in this recipe.

## Simplest Sweets This Side of Heaven

Holiday candies can be as much fun to make as they are to eat—and almost as fast.

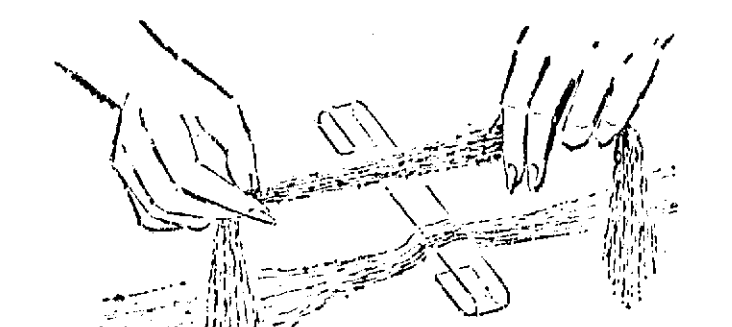

Evaporated milk combined with confectioner's sugar is one of the quickest candies going. Flavor it, color it, shape it, decorate it any way you like. Children especially love making this no-cook fondant. Use 1/2 cup evaporated milk to 2 pounds sifted confectioner's sugar. This mixture is good with nuts, chocolate, peppermint, coconut or candied fruits.

For crystalline candies like fudge and penuche, the higher whole milk solids content of evaporated milk helps prevent the formation of "sugary" crystals. This gives an exceptionally smooth, creamy texture to your festive candies. Here's a fudge recipe that should win you a kiss even without mistletoe:

Chocolate Mallow Fudge  
1 cup evaporated milk 1 1/2 cups miniature marshmallows  
2 cups sugar 1 teaspoon vanilla  
2 6-ounce packages (1 cup each) semi-sweet chocolate pieces

Combine evaporated milk and sugar in saucepan. Place over low heat and stir until sugar is dissolved and mixture comes to a boil. Increase heat and boil 2 minutes, stirring constantly. Remove from heat; add semi-sweet chocolate pieces and vanilla and stir until smooth. Turn approximately 1/2 of the chocolate mixture into waxed paper-lined 8-inch square pan. Cover with miniature marshmallows, pressing marshmallows gently into chocolate. Top with remaining chocolate mixture. Chill and cut into squares. Yield: Approximately 2 pounds.

## Iceicles Inside The Window

All the family enjoys the excitement of pre-holiday preparation. Children, especially, like to be a part of the getting ready process.

Mom, leaves these days have windows that lend themselves nicely to holiday decorations. For instance, shown here is a simple yet effective icicle decoration which most any member of the family can make.

Simply group and attach iceicles made of saran to varying lengths of cellophane tape. Tape this strip of attached iceicles across the top of the window. Fill in with your choice of Christmas balls. Saran iceicles are strong and will not tangle. They are so easy to handle. Whether on trees or at the window they add a sparkling gaiety to the home at Christmas.

If you have members of your family who have imagination, put them to work making decorations with these versatile iceicles. They will have fun as well as add to the holiday look of your home.

## Thrifty Elegance For Company

Here's an easy and delicious way to prepare breast of veal. This cut is a very good buy—there's a lot of good lean meat on it, and the price is reasonable. When you add a bit of glamour with an easy fruit cocktail sauce, "Breast of Veal, Sweet and Sour" is really company fare. The syrup from the canned fruit cocktail, along with some Worcestershire sauce, vinegar and other seasonings, makes a tangy sauce in which the meat cooks to moist tenderness. Then, just before serving, thicken the sauce slightly, and add the fruit. Looks pretty, tastes wonderful!

Note for easy carving: have your meat man crack the breastbone, or remove all the bones, if you prefer.

### Breast of Veal, Sweet and Sour

Rub 1 large breast of veal (about 4½ pounds) with salt and pepper. Place in flat pan, and brown 30 minutes in very hot oven (450 degrees F.). Blend 1 cup syrup from canned fruit cocktail, 3 tablespoons wine vinegar, 1 teaspoon prepared mustard, 1 teaspoon Worcestershire sauce, 1 teaspoon instant minced onion and a dash Tabasco sauce; pour over meat, cover closely. Reduce heat to 300 degrees F. and bake meat 1½ to 2 hours longer, basting occasionally. When meat is tender, remove to hot serving platter. Turn drippings into saucepan and thicken with 1½ tablespoons cornstarch mixed with 2 tablespoons cold water. Cook and stir until clear and thickened. Add 1½ cups drained fruit cocktail, and heat thoroughly. Serve over the veal. Makes 6 to 8 servings.

## Quick 'n Easy Cookies For Children To Decorate

It's easy to let the children make and decorate Christmas Cookies with this no-bake Cereal Christmas Cookie recipe. For very young children, mother had better prepare the no-bake cookie mixture, ready to be cut into Christmas shapes. Let the children make simple cardboard patterns and cut out the cookie shapes. Use tubes of decorating jelly or frosting to add a festive decoration.

These wholesome easy-to-make cookies are just packed full of good nutrients so necessary for young boys and girls. Breakfast cereals, when used as a recipe ingredient, not only improve the flavor and texture, but they contribute protein, valuable B vitamins, essential minerals, and food energy.

### Cereal Christmas Cookies

½ cup butter or margarine 5 cups oven-toasted rice cereal,  
1½ pound marshmallows regular, presweetened, or  
1½ teaspoon salt cocoa-flavored

Combine butter or margarine, marshmallows, and salt in large saucepan. Place over low heat and melt, stirring constantly. Add cereal; stir carefully until cereal is evenly coated with marshmallow mixture. Turn onto buttered baking sheet and press to ¼ inch thickness. Cool to lukewarm. Use a sharp knife and cardboard pattern and cut out simple Christmas cookie shapes (trees, bells, boots, and ornaments). Decorate as desired with tube frostings, decorating jellies, or candies. Yield: 2 dozen cookies.

## Youth 16, Says He Killed His Aunt

RACINE, Wis. (AP)—A 16-year-old boy says he stabbed his aunt and young cousin to death because he thought his aunt was laughing at his marriage plans. "I loved her more than anyone," Donald Petbaris told Dist. Atty. Dexter Black.

The prosecutor said today that Donald was taken to the state crime laboratory for a lie detector test on his story of how Mrs. Raymond Frickson, 44, and her 14-year-old daughter, Ruth Ann, were slain. However, the boy promised to tell the whole story and the examination was not given, Black said.

Donald told a story of smarting under "a lifetime of ridicule." No one ever took me seriously," he said. "If anyone has ever listened to me or talked to me, even if they didn't agree with me, I have felt better."

Black was asked a waiver of juvenile jurisdiction in the case, and said that if Judge Howard Donaghy grants the petition, he will charge Donald with two counts of first degree murder.

Previously, suspecting a burglar, he found a man in a rear room, peacefully asleep on a cot with a loaded 45 caliber revolver beside him.

The man was awakened — to find himself staring into a shotgun barrel but no arrests were made. It was the owner, guarding his store.

## More Jobs Is Best Gift From Santa

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—More jobs is the best gift Santa Claus could bring the five per cent or so of the working force that is jobless in the Christmas season.

Many are returning to work as factories get steel and increase their own operations.

Hopes for still more jobs in the next few months underlie the optimistic predictions for the economy now being widely aired.

But the twanging back of steel strike victims to the factories tends to gloss over a hard core of unemployment that still remains, and it hides the tendency of unemployment to concentrate in certain areas and among certain groups.

The over-all problem ahead is made more urgent by the fact that the labor force is growing and will grow even faster in a few years as the war and postwar baby crops mature. Many more jobs will be needed.

For many would-be workers this month is a big help, if only a temporary one. Stores take on extra clerks to serve the Christmas shoppers. The Post Office takes on extra help to tote the huge loads of Christmas cards and packages.

This is a boon to many of those laid off because their usual outdoor jobs are closed by winter weather, or whose old factory isn't enjoying the general good times.

The December employment figures this year should make pleasant reading when they come out a month or so hence.

By then, though, the temporary relief will be over, and only high industrial output and stepped-up economic activity can take up the slack again.

Labor leaders point out still another obstacle to job finding now. This is the growth in the last two or three years of automation—that is, the installation of machines that can do the work once done by several workers.

Management replies that in all the nation's history the introduction of machinery has always led to greater economic activity and thus in time to a much greater total of available jobs.

## Two Cities Vote Industrial Bonds

By THE ASSOCIATED PRESS

Clarksville and Forrest City overwhelmingly approved industrial bond issues yesterday in special elections.

Clarksville approved 2,277 - 73 a \$335,000 Johnson County industrial bond issue to buy a 10-acre tract and construct a building for a children's shoe manufacturing firm.

Forrest City approved 522-5 a \$380,000 bond issue to build a plant for the Forrest City Electric Co., Inc., a firm that will employ over 500 persons in the manufacture of electrical products.

The Forrest City company will have an annual payroll of more than one million dollars.

Harold Whilton, president of the Johnson County Chamber of Commerce, said construction would begin immediately on the shoe factory. He said the plant will employ 225 to 250 persons and probably will be in operation by Aug. 1.

## Investigator Will Leave Probe Staff

WASHINGTON (AP)—Richard N. Goodwin is leaving the staff of the House subcommittee which he helped expose rigged TV quiz shows.

Chairman Owen Harris (D-Ark) refused today to say whether Goodwin is departing at the subcommittee's request.

Goodwin wrote an article for a magazine telling about the investigation and the personalities concerned. He was paid for the article but neither he nor the magazine has disclosed how much.

## Law Doesn't Affect Christmas Gifts

WASHINGTON (AP)—Secretary of Labor James P. Mitchell issued an opinion today to the effect that the new anticorruption labor law didn't abolish Santa Claus in the labor-management field.

Mitchell said in a statement he couldn't find nothing in the law to discourage or prohibit "the traditional exchange of Christmas presents by employers and labor organizations."

## JOY OF SHARING

The Christmas Seal Children enjoy sharing their goodies with the hungry birds and squirrels. Have you shared in the fight against TB? You'll tell the world you have when you use Christmas Seals on all holiday mail.

FIGHT TB WITH CHRISTMAS SEALS

## Trailer Makers Alarmed at Deaths

ELKHART, Ind. (AP)—Trailer manufacturers, alarmed by 16 deaths traced to gas heater installations, were warned Tuesday they must conform to industry code standards by March.

Edward L. Wilson of Chicago, managing director of the Mobile Homes Manufacturers Assn., said

manufacturers will be dropped from AMHA membership unless they follow the "Blue Book" code by March.  
About 100 manufacturers, dealers and suppliers attended the meeting, called by the standards committee of the Indiana Mobile Homes Assn.

Arkansas ranked 25th in population in 1900, 24th in 1940 and 30th in 1950.

## Three Children Die in Ohio House Fire

WOOSTER, Ohio (AP)—Fire swept through a far paper-covered shack near Orrville today, killing three children.  
Dead were Nell and Ruby Sanders, both of preschool age, and an infant less than a year old whose name was not reported immediately.

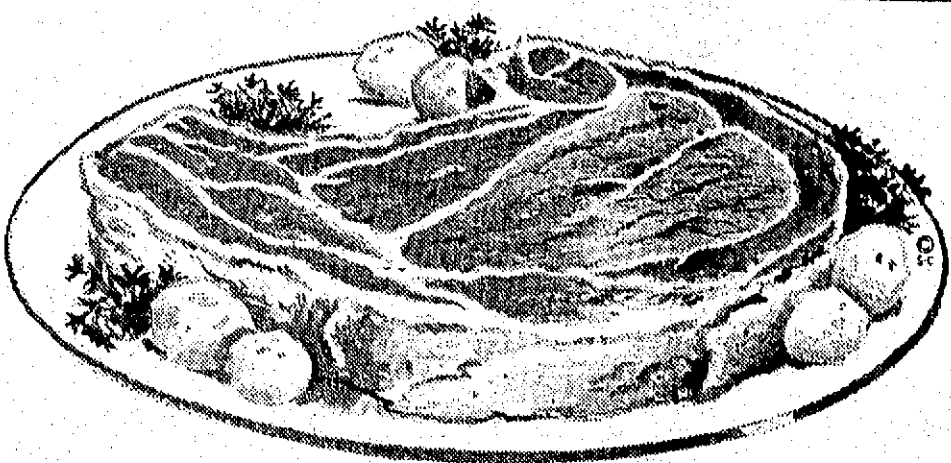

Fire officials said the parents, Albert Sanders, 30, and his wife, Bertha, 26, were asleep when the fire broke out. Sanders works at night.  
Sanders and his wife were reported in fair condition with cuts and burns at a hospital in Orrville. Three other children were in school in Orrville.

In 1950, there were 104 cities in the nation larger than Little Rock.
